

# Steel Railings Traditional

## FINIAL HEAD RAILINGS

**FINIAL HEAD Railings** are very similar to Vertical bar railings. They are manufactured using traditional methods, and each panel is fully welded made from solid steel. A variety of traditional finial heads are available, each one providing a different style of fence. Different material thicknesses, and various heights are available.

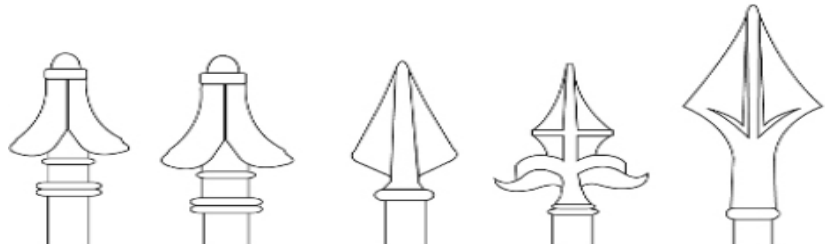

finial head

# specification

Heights available: 1.0m, 1.2m, 1.8m , 2.0m and 2.4m
